5. Articles for OTR Bulletin

As previously reported, PPS is interested in livening up the Clandestine Services supplement to the regular OTR Bulletin by including special articles on training support for the Clandestine Services. Action has been taken to initiate two such articles: a round-up on Information Reports Training and a write-up of the Contingency Force Training Program. Other subjects which we have in mind are Covert Training and Overseas Training. A more ambitious project which we hope to get off the ground is a comprehensive manual or guide covering interrogation, interviewing, and elicitation. Still other subjects which we hope to get into, either for the OTR Bulletin, Studies in Intelligence, or as OTR manuals, are [ ]
